NUMBER 95.

AUSTRIA IS NOW OUT OF WAR Yanks Make New Drive on Sedan

U. S. TROOPS ROUTING HUNS ON ANCIENT WAR GROUND

WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 4.—American troops pushing northward toward Sedan early last night had reached Somme, five miles north of Buzancy and thirteen miles south of Sedan.

The center of the advancing line is held by troops from New York, Maryland and West Virginia. To the right and left of them are regulars and troops from New York, New Jersey, the District of Columbia, Texas, Oklahoma, Kansas, Missouri, Colorado and New Mexico.

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Nov. 3, 7 p. m.—More than 4000 prisoners were captured by the Americans in this section today. The number of guns and other booty is steadily growing. The right flank of the American line is now at Halles, on the heights overlooking the Meuse river.

LONDON, Nov. 4.—Military authorities, who three weeks ago

Germany Facing Titanic Disaster Loss of Allies Make End Certain

Germany, deserted by her allies, is apparently facing a great disaster on the western front, and now there is a great possibility that Germany's military doom is not far distant.

This crisis has arisen during the last three days. American and French attacks west of the Meuse river, which had seemed to be gaining but little, apparently sapped the strength of the enemy. When the break came on Saturday it took on aspects of a rout rather than an orderly retirement.

On Sunday evening at 5 o'clock American contingents were in Belval wood, six miles directly west of Stenay, a vital point in the German line along the Meuse. They were only fourteen miles south of Sedan, which is the center of the whole German railroad system in Eastern France.

It now appears that the Germans who have been holding the line running westward through the Champagne country can not retreat eastward, but must be diverted northward through Belgium. This will add many weary miles to the length

of the journey that seemingly must be begun at once.

In Belgium the fall of Ghent is imminent, for the Belgians, French, British and Americans are rapidly moving ahead. The Scheldt has been crossed at Welden, southwest of Ghent, while the Belgians are moving toward the Scheldt north-east of the city. This advance, if continued, threatens the whole German army in France, since its retreat eastward through Sedan and Mons is now about to be cut off.

East of the Meuse the roads are crowded with the retreating Germans, it is reported. This indicates a retirement to the Briey defenses north of Metz, but the magnitude of the retrograde movement has not yet been exactly determined.

Austria will join Bulgaria and Turkey as conquered nations this afternoon at 3 o'clock. Terms of the armistice have been signed, but the details of the agreement have not been made public. It may be assumed, however, that they are as drastic as those forced upon Bulgaria and Turkey.

In the meantime the Italians and allied forces have occupied Trent and have landed at Trieste. Udine, from which General Cadorna was

driven late in October, 1917, has been recaptured from the Austrians. On every foot the Austrian resistance seemed to collapse during the two days prior to the signing of the armistice terms. Belgrade, the capital of Serbia, has been recaptured from the Austrians. The city was taken on December 3, 1914.

Forty-five days after the allies launched their offensive along the Macedonian front the Austrian and German troops were retreating across the Danube out of Serbia, leaving behind them the wreck of German dreams of domination in the East.

Emperor William has written to Prince Maximilian of Baden, the imperial chancellor, promising co-operation in the development of constitutional reforms. It is pointed out, however, that no word has been said by him relative to abdication.

German divisions now are appearing on the firing line with many hundreds of rifles below the German normal of 6750.

On October 3, 1918, in forty or fifty divisions were reduced from a four company to a three company basis. Many of the youths of the 1920 class, which the Germans wished to hold to the spring, now are in the field. This is Germany's last man of power hope.

It is calculated that Germany had 18,000 guns on July 15 of which a third has been lost. The number of guns and batteries has been reduced and some batteries have been equipped with third rate weapons.

MOTHER OF MRS. JARDINE IS VICTIM OF EPIDEMIC.

Mrs. Caroline Kempf, mother of Mrs. E. J. Jardine, passed away at San Jose yesterday of pneumonia following an attack of influenza. The funeral will take place Wednesday at 10 a. m. at the Curry undertaking parlors in this city and the remains will be interred in Sunset View cemetery.

PROFESSOR W. T. HELMS HAS RECOVERED HEALTH.

Professor W. T. Helms, who suffered a slight attack of the influenza, is out on the streets today after an enforced confinement of several days in his home.

PIONEER CITIZEN OF THE CITY IS VICTIM OF THE EPIDEMIC

With the death today of E. B. Smallwood, the well known business man and undertaker, is removed one of the pioneers of the city of Richmond. Deceased had been ill for the past ten days, and his end came quite suddenly.

Mr. Smallwood came to Richmond in the early days and opened up a furniture store and undertaking parlor at the Point, where he remained for a number of years. At that time there was no building on the east side at all.

Finally when the building he now occupies was erected he secured a lease of it, and has been located there ever since.

Deceased was very prominent in all charitable affairs, and took a great interest in any movement that was for the betterment of this city. Besides a widow, Mrs. Nellie I. Smallwood, and a son, Dr. Walter Smallwood, who is a lieutenant in

the army and stationed at Camp Lewis, he leaves two sisters, Miss Lottie B. Smallwood of San Francisco, and Mrs. Ella Howe of Richmond. He was a native of Missouri and aged about sixty years.

Arrangements for the funeral have not yet been made.

Possibly it has not occurred to you, but there is going to be an election for state and county officers tomorrow—an event usually arousing much activity among the great and near great politicians, local and otherwise.

It is the duty of every good citizen of the city, county and state to go to the polls tomorrow and vote

POLICE COURT IS LONESOME PLACE SINCE SALOONS WERE CLOSED

One drunk and one man who refused to wear a gauze mask were before his Honor Judge Odell this morning, making the sum total of the city criminals haled into court to answer for crimes of omission and commission.

John Doe was the drunk and he brought his leg to town yesterday. He came from Oakland, according to his story tearfully related to the judge in a lifted auto. Another man was with the driver and when they reached a point on Cutting boulevard the car was stopped, their passenger yanked out and cruelly beaten. When he was in a helpless condition from his maltreatment they took his money, \$35, and drove away, leaving him bruised and unswimming on the muddy street—almost broke. He was fined \$10 and not having the ten, was sent to jail.

Otto Wenkey refused to wear a mask on account of being afflicted with the asthma. He came to town in a street car and was told when he reached the confines of the city that he must don the piece of white gauze or else go back from whence he came. Somebody had told him America is a free country and no free country was ever known to make a man wear a mask like a dog. So he refused to wear the mask and was pinched. Judge Odell assessed him \$10 and now he is convinced that he was misinformed regarding our boasted freedom. Although it did not come out in the evidence at the hearing, it is suspected that Wenkey is an enemy alien or I. W. W., or something of the sort.

The Home Guards of the county are doing a noble work in helping stamp out the plague of influenza. Everybody coming to this county, whether by street car or other conveyance, must wear a mask. They are stopping everybody not provided with the facial adornment. If they refuse to put one on they are pinched, but if they express a willingness to comply with the law they are turned back and told to provide themselves with the mask.

If they refuse to put one on they are pinched, but if they express a willingness to comply with the law they are turned back and told to provide themselves with the mask.

YOUNG MATRON IS VICTIM OF MALADY

Mrs. Minnie A. Silva, wife of Joseph A. Silva, of San Pablo died at her home in that place this morning of pneumonia. She was 24 years of age and a native of California.

Funeral services will be conducted from the undertaking parlors of Bert Curry Wednesday afternoon at 2 o'clock. Interment in Sunset View cemetery.

THE DEAD DURING PAST 48 HOURS

ROSE—In Richmond, Nov. 4, 1918, infant child of Mr. and Mrs. F. E. Rose, of 2225 Macdonald avenue.

OWEN—In Richmond, Nov. 3, 1918, Olive Arabella Owen, aged 25 years, wife of William S. Owen of 27 Seventh street.

FARMER—In Richmond, Nov. 3, 1918, John Neil Farmer, of Chico, husband of Dora Farmer. Deceased had been a resident of Richmond for about two weeks.

CALEY—In Richmond, Nov. 3, 1918, James Caley, a husband of Catherine Caley, of 480 Twentieth street.

SMALLWOOD—In Richmond, Nov. 3, 1918, E. B. Smallwood, a native of Missouri, husband of Mrs. Nellie I. Smallwood, father of Dr. Walter Smallwood, and brother of Miss Lottie B. Smallwood, of San Francisco, and Mrs. Ella Howe, of Richmond.

WHALEN—In Richmond, Nov. 3, 1918, Mrs. Whalen, aged 70 years, of 479 Seventh street.

RAIN MAN SAYS FAIR WEATHER TOMORROW

The Weather Man, in the tall tower of the Merchants Exchange building in San Francisco predicts there will be no rain tomorrow. He says there will be showers today and this evening and then tomorrow it will turn off warmer and remain fine all day and for some days to come.

At this season of the year the weather man is a very unreliable gentleman and knows little whereof he speaks. When it starts raining along the coast region it just naturally rains without regard to the promises made by the weather prognosticator. The Record-Herald has known it to rain torrents when the rain man said it would be fair and vice versa. You just can't tell anything about it, nor can he. We are not going to vouch for the accuracy of his prediction, but give it to you for what it is worth.

THE HOME GUARDS OF THE COUNTY ARE DOING A NOBLE WORK IN HELPING STAMP OUT THE PLAGUE OF INFLUENZA.

DESERTED BY ALLIES HUNS MUST FIGHT WAR ALONE

WASHINGTON, Nov. 4.—The complete terms of the Austrian armistice were sent directly to President Wilson today by Colonel House from Paris. They have received the unqualified approval of the President, according to the best information obtainable here.

According to officials close to the President, the terms are of such a nature as absolutely to preclude any further participation in the war in any way by Austria. The allies can use the Austrian railways, it is understood, or take possession of the great gun and munition works if they desire. The naval bases and all submarines in the Mediterranean can also be placed under allied control.

Officials said today that the terms will meet with the complete approval of all of the people of the United States. As in the case of Bulgaria and Turkey, nothing has been left to chance by the allied military commanders.

AMSTERDAM, Nov. 4.—It is very positively reported from Pola, the Austrian naval base on the Adriatic, that Trest will soon be occupied by an American fleet.

HEWITT MARKEL FUNERAL WILL BE HELD TOMORROW.

The funeral of Hewitt Markel will be held at 10:30 tomorrow from the Smallwood undertaking parlors.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are
Helping to Keep Up the Morale
of Fighting Millions Unite in
Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States,—the duty of sending home to those who have put home behind them for the period of the war, the agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal equanimity after weeks of terrible combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centers, which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,522 were serving in American camps at home.

Y. M. C. A. huts are the centers of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps, telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centers, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council coordinates all Catholic welfare work in support of the government and through the K. of C. provides clubhouses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertaining, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 800 workers in France at the beginning of autumn.

"Cherry's Is No Higher In Price, Rita"

"I used to think as you do, Rita. It used to be supposed to be higher, but in this case it is different. Cherry's, you see, have several stores—one in each of the large cities in California. Naturally they buy in large quantities. And at the lowest prices. To make sure that I was correct, I compared prices several times, and found them very reasonable. The best thing for you to do is to price some of their garments at the first opportunity. By all means do it before you buy your winter suit. I'll go with you, if you say. Then you can make arrangements right there if you see a suit you like. The women's shop is at 515 13th. The men's store is at 528 13th."—Advertisement.

with 450 more passed by the government and 200 others signed up. At the same date they had 483 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. S. officials for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

FAMILY THOUGHT HE WAS GOING TO DIE

WHEELER SAYS NOTHING HELD
ED HIM UNTIL HE TOOK TAN-
LAC—HEALTH RESTORED.

"Well, sir, Tanlac has not only entirely relieved me of my awful trouble, but I have regained twenty-five pounds of my lost weight and never felt stronger and better in my life," said Harry R. Wheeler, who is employed at the Pacific Coast Steel Plant and lives at 4744 Forty-eighth avenue, south, Seattle, the other day.

"About a year ago," he continued, "I began to suffer with intestinal indigestion that, in spite of all I could do, got worse and worse till I was in a terrible condition. Everything I would eat fermented and I would be in such agony, that it was like a sharp knife cutting clean across my stomach. I got so weak that I could hardly do a thing and it was only my will power that kept me going at all. When I would get home at night I would be so weak and in so much pain that my wife was always ready with a hot water bottle to put right on me, and even then I would be in such agony at times I thought it would drive me distracted. My hips ached with rheumatism, and the muscles of my right arm and leg would get all drawn into knots, and at times I couldn't raise my arm halfway to my head. I went down in weight from two hundred pounds to a hundred and fifty-two a loss of forty-eight pounds, and my condition was so serious that my family actually thought I was going to die."

"I tried everything I could hear of to get relief, but nothing did me any good. Then my sister-in-law, who had been suffering with rheumatism, got me to try Tanlac, as it had done her so much good. I got a bottle and when I found it was helping me, I just kept it up till now I haven't a pain or an ache about me. I have a splendid appetite, and can eat anything I want without it hurting me in the least. I used to lay awake night after night suffering terribly, but now I go to sleep as soon as my head hits the pillow, and sleep like a log all night. I am picking up in weight every day and am feeling so fine and well that I am glad to tell everybody how much this wonderful medicine has benefited me."

"Tanalac is sold in Richmond by F. B. LaMoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, in Antioch by Shuman Drug Store, and in Pinole by E. K. & H. Dunlap."—Advertisement.

CHICHESTER'S PILLS

SOLD BY DRUGGISTS EVERYWHERE

DR. BLAKE IS SUFFERING FROM HARBORING TOO MANY GERMS

Dr. Charles R. Blake, city and county health officer is down with an overdose of Laery's serum. Ten billion influenza bacilli are disporting through his system and he is about the sickest man in town, according to advice from his bedside today.

Dr. Blake permitted a brother physician to inoculate him the other day with the serum on receipt of Richmond's quota of the germs from the state laboratory and it "took." He has been going a very rapid pace since the influenza struck the town and the result is that his physical condition was not by any means the best. To use a common expression, he was "all run down." He did not have the strength to combat the formidable army of bacilli and he is a sick man, with all the symptoms of a virulent attack of the disease he sought to evade.

Dr. Blake will remain in bed,

by hard attack of influenza is going to devote her time to the work of the health office and will act as the doctor's chief deputy, while some of his brother physicians in the city will aid her in the task. Other physicians throughout the county will assist and it is thought the fight against the deadly epidemic will not be seriously hampered through the doctor's enforced idleness.

Let Your Public Funds Earn Interest

Vote YES on Proposition No. 2

Hundreds of millions of dollars belonging to the State, Counties and Municipalities are lying idle in the vaults earning no interest. The amendment will enable the legislature to govern the deposit and earnings of these funds with every possible safeguard. Leading men and organizations of the State, after a thorough study of this amendment, unqualifiedly endorse it and recommend its passage.

AMONG THEM:

Friend W. Richardson, State Treasurer.
W. R. Williams, State Superintendent of Banks.
John E. Chambers, State Controller.
John E. McDougald, Treasurer of the City and County of San Francisco.
Chamber of Commerce of San Francisco.
Civic League of Improvement Clubs of San Francisco.
M. J. Kelly, Treasurer of the County of Alameda.
W. M. Fitzmaurice, Treasurer and Tax Collector of the City of Oakland.

Practically every official handling public money in our State. In the official arguments to voters published and distributed by the State of California there are printed two arguments in favor of this amendment and no arguments against it.

Vote YES on Proposition No. 2

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a **SERIOUS** power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.
H. G. BUTLER
Power Administrator.

INFLUENZA SITUATION IS BETTER IN CITY AND COUNTY ACCORDING TO AUTHORITIES

The epidemic situation in Richmond is decidedly better, according to reports from the health office, and while it may seem a contradiction of the above to state that the Red Cross Emergency hospital is filled to overflowing with patients, yet that is exactly the condition.

Gathering Up Patients.
For the past few days flying squadrons of Red Cross workers have been combing the city from one end to the other in quest of people who are sick and not able to care for themselves. The result has been that many helpless sick have been found and taken to the hospital. In other instances where the patients were too ill to be removed from their homes they are being taken care of there by volunteer nurses who have left their own homes to do this work of mercy in the true Red Cross spirit.

More Nurses Are Wanted.
The large number of patients being cared for by the Red Cross at the Emergency hospital and in the homes is creating a great shortage

of well people to care for the sick ones. There are those who have been caring for patients since the hospital was opened and they are pretty well worn out. They must have rest, else they, too, will succumb and must be an added burden to the hospital corps of attendants. There are hundreds of unattached men and women in the city who should give their services to this noble work. The Red Cross cannot go out and find them, but they are here and should volunteer their help for the good of suffering humanity. Just send in your name to any of the officers of the Red Cross and they will see that you are assigned to duty where your services will do the most good.

The Sick and Dead.
According to reports from the health office there were 22 new cases reported during the past forty-eight hours and six deaths in this city. Many of the new cases reported are old cases which have just been found by the Red Cross and are being cared for at the hospital and at their homes. The mask edict

is having its effect for the better and by this time next week it is thought the influenza epidemic will have been completely subdued.

County Conditions Better.
Conditions up the county are better than at any time since the outbreak of the scourge. The fact that masks are being universally worn is proving to the medical men that they are proving the one factor in lowering the death rate everywhere. It was a hard job to make the people realize this and many of them don't realize it yet, but the fact that they are liable to arrest if they do not wear masks is causing them to do the white gauze whether they like it or not.

U. S. TROOPS ROUTING HUNS ON ANCIENT WAR GROUND.
(Continued From Page One.)

were skeptical over the return of peace because of the military situation, are convinced that the German army is in a serious condition owing to its inability to shorten its line and produce fresh reserves.

It is pointed out that German casualties this year amount to 2,500,000, of which 1,000,000 are permanent casualties. Last March Germany had eighty fresh divisions, which meant divisions which had not been in line for a month. Now the German reserve consists of fifty divisions, only seven of which have had as much as a fortnight's rest.

SINGLE TAX WILL Depreciate Land Values

Single tax means just what it says—a tax on land only.

Single tax would release from taxation four and one-third billion dollars worth of improvements and personal property in the State of California.

Single tax would release from taxation the immense wealth in railroad franchises and all other public service corporations.

All corporation licenses—all corporate securities—all the great office buildings in the cities, and all personal property of every kind would be untaxed.

All this great wealth would go scot-free of taxation and who would foot the bill? You, Mr. Home-owner—you Mr. Farmer and you Mr. Land-owner.

Single tax would treble the taxes of the farmer. Single tax would reduce farm-land values over forty per cent. Single tax would mean foreclosures of mortgages. Single tax would curtail the borrowing capacity of farmers at their banks.

Single tax would mean general business depression—chaos, confusion and hard times.

Single tax is a theory of dreamers and agitators.

It has been voted down by all other states where presented.

It has been voted down three times within the past six years in California—and each time with a greater majority.

Vote single tax down decisively and kill it once and for all.

Vote NO on Amendment 19

FOLLETT BOYS ARE ON WAY TO FRANCE

Gerald Follett, son of Mr. and Mrs. G. A. Follett, of this city is a member of a machine gun company and is now on his way to France. He left Camp Fremont ten days ago for embarkation somewhere at an Atlantic port and is probably on the water on his way to France by this time.

Paul Follett, his elder brother is a member of an aeroplane squadron, and is at Kelly Field, San Antonio, Texas.

Auto Bus Line to Rodeo

FUNERAL OF ALICE CROMWELL HELD TODAY.

The funeral of Alice Lindahl, daughter of Mr. and Mrs. Cromwell, was held today.

John Lindahl, of Crest avenue who died in the east about two weeks ago, was held this morning from the Smallwood undertaking parlors. The interment was at San Lorenzo.

What are gasoline boiling points?

The boiling point of any liquid is the temperature at which it vaporizes.

Gasoline has boiling points ranging from the very low to the high, and in "Red Crown" they form a uniform, continuous, unbroken chain. The value of gasoline lies in this uniform continuity of its boiling points.

Combustion starts with the lowest boiling points and finishes on through the gas. The continuous chain of boiling points—from the low to the high—is necessary for instantaneous, full-powered combustion. Eliminate one link and the power chain is broken.

Only a straight-distilled, all-refinery gasoline can have the continuous chain of boiling points. Mixtures always have "holes" in them. Red Crown, the Gasoline of Quality, is a straight-distilled, all-refinery fuel having the full and complete chain of boiling points necessary for steady, dependable power. Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage. Look for the Red Crown sign before you fill.

STANDARD OIL COMPANY (California)

The Stuck Pig Does the Squealing

Did you ever hear a fifty-thousand dollar squeal? Well, there is such an animal and it has been turned loose.

When the knife of truth (Publicity) hit the heart of the Dental Trust (the cash drawer) with a mighty squeal it belched forth a shower of gold.

Separating members of the Dental Association from \$50,000 was not a painless extraction, but it has been accomplished.

The surprising part is, this money has been raised for advertising.

Think of it!--low, vulgar, common advertising, such as is resorted to by tradespeople, but never by "ethical" professional gentlemen.

Something more than pride and "ethics" were threatened before this fine gentry let loose of real money to stoop to such a vulgar pursuit as the purchasing of printer's ink.

The purposes for which the Association exists are being attacked: minimum prices and the control of competition.

But why this change of heart regarding their so-called "ethics"?

At a recent meeting of the Dental Association a special dispensation was granted to permit the temporary "besmirching" and "degrading" of the profession by resorting to paid advertising, to avert the threatening storm.

Well, it is more than a young storm. When the people vote next Tuesday the Dental Trust will think they have been struck by a cyclone.

Every dental law on our statute books has been framed by the Dental Trust. The people now have their first opportunity to make some dental laws for themselves.

Their vote will be a direct answer to the charge of the Dental Association that the people are not competent to protect their own interests.

Should law making and price fixing be done by a combination who have profited by Trust methods and placed dentistry beyond the financial reach of those of moderate means?

The people have been duped long enough.

VOTE YES--AMENDMENT 21.

Painless Parker

Notice, Autoists

Commencing October 14, 1918, all legitimate garages in Richmond will close their doors at 8 o'clock every evening to conform to the government request to release man power for other occupations.
